

Origami Inflated Frog

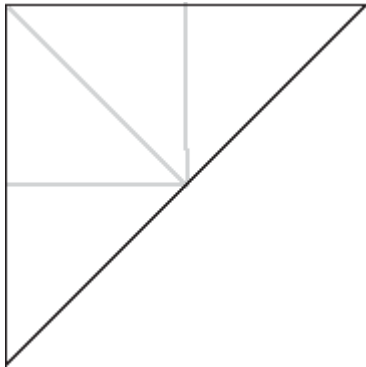

You will need thin paper to make this frog!

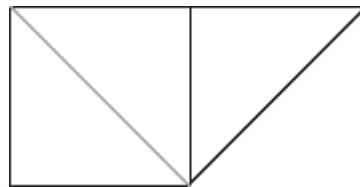

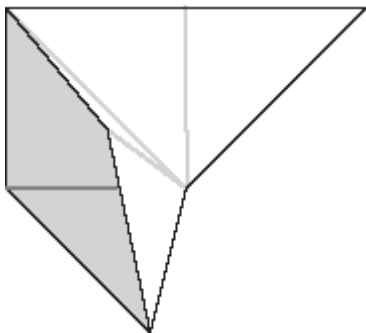

1. Fold a square piece of paper along these lines.

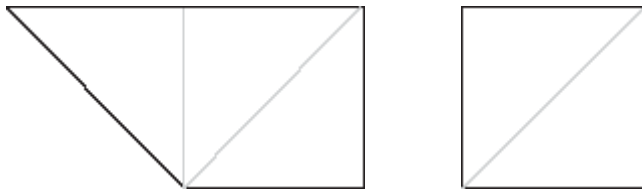

2. Fold in half

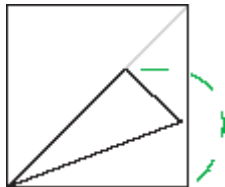

3. fold the corner out and down.....to look like this

4. Flip over and repeat.....so it becomes a square

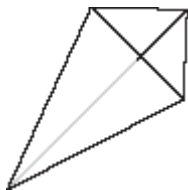

5. Fold one edge in and out.

6. Take the edge and fold into the middle.....and press flat

7. Repeat on all 4 edges.

8. Take the shorter edges and fold into the middle.....and out again

9. Lift the horizontal edge and fold so the edges meet in the middle.....and press flat

10. Repeat on the remaining three layers.

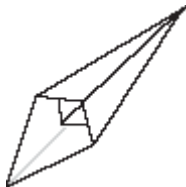

11. Fold one top edge into the middle.....and press flat

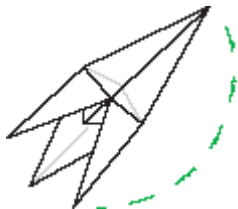

12. Repeat on the other edge.

13. Turn over and repeat on other side.

14. Fold up the top points as far as they will go.

15. Turn out the last to points.

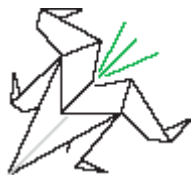

16. Turn over

17. Fold down the feet..... and hands

16. Blow between the legs to inflate.

Finished!
