

The Wild World of Frogs

On Wednesday June 18th SAVE THE FROGS! Founder Dr. Kerry Kriger will be giving a presentation on "The Wild World of Frogs" at the one and only SAVE THE FROGS! Education Center in Berkeley, California. Dr. Kriger will be discussing frogs' natural history, why frogs are disappearing, why frogs are important, ways you can help, and give you an introduction to many of our frog saving programs. Presentation features frog photos from around the world. Please bring your friends and family. All ages welcome.

The event is free, donations greatly appreciated. See you at 2524 San Pablo Avenue on Wednesday!
